<b>Program Provider</b>	AVP WA
<b>Program Code</b>	PAVB
<b>Program Title</b>	Peaceful Pathways Basic
<b>Program Summary</b>	AVP began in 1975 in the USA as a response to concerns at the level of violence in our society. Many people are caught in a cycle of violence as victims and/or perpetrators. Violence occurs in many forms, physical, verbal, emotional and psychological. It can be "high level" violence that makes headlines and generates wide-spread fear and apprehension, or the "low level" bullying, criticism, put-downs, denigration, exclusion, discrimination, and disrespect that harms in more subtle and hidden ways. AVP can now be found in 40 countries. AVP started in Western Australia in 1994.
